

Bumpon Protective Products

3M™ Bumpon™ Self-Adhesive Protective Bumpers and Protection Against Sliding

Bumpon™ products can be used as resilient peel-and-apply bumpers, sliding protectors, feet or spacers. They deaden noise and vibrations and will adhere to most surfaces thanks to an adhesive layer.

Bumpon™ products are made of polyurethane rubber as a protection against sliding and damage.

Bumpon™ products are available in various shapes, sizes and colors including transparent. Moreover, Bumpon™ products can be cut to a specified shape to meet the customer's requirements.
